SCHEDULE “B” – FINANCIAL OBJECTIVES AND POLICIES

1. Funding Sources:

The table below shows the proportion of Village of Kaslo revenue proposed to be raised from each funding source in 2024:

REVENUE SOURCES	Dollar Value (\$)	% of Total Revenue
Municipal Taxation	\$ 830,245	10.0%
Sale of Services	\$ 162,318	2.0%
Other Own-Source Revenue	\$ 375,724	4.5%
Conditional & Unconditional Grants*	\$ 3,798,135	46.0%
Net Transfers from Reserves & Surplus	\$ 1,127,973	13.6%
Water & Sewer Utility Fees	\$ 551,844	6.7%
Borrowing Proceeds	\$	0.0%
Collections for Others	\$ 1,418,463	17.2%
	<hr/>	
	\$ 8,264,703	100%

* May include unconfirmed grants.

Property value tax is the primary source of operating funds for general municipal purposes. Property taxation is simple to administer and offers a stable and reliable source of revenue for services that are difficult or undesirable to fund on a user-pay basis.

Sale of services and fees form another significant portion of planned revenue. They are collected from a variety of municipal services, permits and licenses. User fees attempt to align the value of a service to those who use the service. It is generally preferable to charge a user fee for services to specific users than to levy a general tax on all property owners.

Grant funding is an integral funding source for major capital and operating projects. Due to the extensive use of Community Works (Canada Community Building Fund) for many projects and projects identified in the Village’s Corporate Strategy, grants form a significant source of funding for the Village in the Financial Plan. The Village also receives unconditional funds under the Strategic Community Initiative (Small Community grant) which provides a significant source of funds for operations and capital maintenance programs and acts as a funding bridge between revenue collection cycles.

Council’s objectives and policies regarding funding sources are to:

- a) Use property taxes for services that do not lend themselves to a user-pay approach,
- b) Allocate 10-15% of municipal property tax revenue to capital projects,
- c) Charge user fees, where possible, to align services with those who use them.

2. Distribution of Property Tax Rates - Objective and Policies

Council’s objectives and policies regarding the distribution of property tax rates are to strive to:

- to progressively enhance the funding of capital asset depreciation through reserve growth and stabilize tax and utility rates at appropriate levels.
- to develop a plan around municipal building asset management and divestiture, particularly with respect to heritage buildings that are fully depreciated and require unique capital reserve considerations;
- to actively seek grants for major infrastructure repair and replacement where possible;
- to routinely modernize and improve financial management, analysis and reporting;
- to annually review utility rates to ensure water and sewer operating and delivery costs are fully funded;
- to continually review the distribution of taxation between different property tax classes;
- to review the Village’s land and lease portfolio with respect to potential income generation;
- to progressively move to fee and lease structures that at least cover the costs of operation, maintenance and insurance of the asset; and
- Support levels of staffing and succession planning that ensure satisfactory levels of public service and safely run utilities.

Distribution of Property Taxes among Property Classes

Table 2, below, provides the distribution of property tax among the property classes.

PROPERTY CLASS	RATIO	% TOTAL PROPERTY TAX	DOLLAR VALUE
1 Residential	1	84.5%	\$ 660,585.64
2 Utilities	10	2.1%	\$ 16,517.46
3 Supportive Housing	1	0.0%	\$ -
4 Major Industry	3.4	0.0%	\$ -
5 Light Industrial	2.8521	0.3%	\$ 2,213.14
6 Business	2.4502	13.0%	\$ 101,576.78
7 Managed Forest	3	0.0%	\$ -
8 Recreational/Non-Profit	1.07	0.1%	\$ 1,094.98
9 Farm	12.1562	0.0%	\$ 12.00
TOTAL		100.0%	\$ 782,000.00

Tax rates are set to maintain tax stability and ensure that municipal revenues keep pace with the cost of business and responsible fiscal management. The Village recognizes the need to attract and retain businesses and industry for economic development and to not rely heavily on any one industry as a tax source. Council believes that its rates reflect that philosophy.

3. The Use of Permissive Tax Exemptions

The Village of Kaslo believes that Permissive Tax exemptions are an appropriate way to recognize the value of services provided to the community by non-profit organizations.

The Village's policy is to ensure that permissive tax exemptions are utilized to maximize the benefit of non-profit organizations for residential quality of life, with the following caveats:

- Where the Village leases property to the recipients of Permissive or Statutory Tax Exemptions, the Village expects these partners to recognize that this assistance, combined with nominal lease charges, can contribute to the inability of the Village to adequately fund capital reserves that support maintenance and capital repairs to those properties. These partners are expected to partner with the Village on grant pursuit for capital funds on an annual basis as appropriate;
- The Village will not consider Permissive Tax Exemption requests for Local Service or Parcel Taxes with respect to the water and sewer utility as the full cost of such exemptions would have to be covered by a balancing transfer from general operating to the sewer utility or by an increase in taxation to all other users within the service area;
- The tax exemption bylaw was renewed in 2021 for three years. Beneficiaries of the Permissive Tax Exemption were required to fill out an application form, demonstrate the benefit they provide to the community, and provide financial statements.
